The Architectural Control Committee shall have the absolute and exclusive right to refuse to approve any such building plans and specifications and lot grading and landscaping plans which are not suitable or desirable in its opinion for any reason, including purely aesthetic reasons connected with future development plans of the Developer of said land or contiguous lands.

ARTICLE VII
ARCHITECTURAL CONTROL COMMITTEE

Membership. The Architectural Control Committee is composed of two members to be appointed by the Developer and a third party to be appointed by the Association. A majority of the committee may designate a representative to act for it. Neither the members of the committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant.

In the event the Committee, or its designated representative, fails to approve or disapprove within 30 days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with. The main residence and attached structures shown on the plans and specifications approved by the Architectural Control Committee must be completed in accordance with said plans and specifications within eight months after the start of the first construction upon each building plot unless such completion is rendered impossible as the direct result of strikes, fires, national emergencies or natural calamities.

ARTICLE IX

PRESERVATION OF THE NATURAL ENVIRONMENT,
LAKES, AND GREEN AREAS

Section 1. It shall be the express intent and purpose of these Covenants and Restrictions to protect, maintain, and enhance the natural environment and specifically those certain areas designated as Green Areas on plats recorded in the Public Records of Leon County, Florida, by Killearn Properties, Inc. It shall be the further intent and purpose of these Covenants and Restrictions to protect streams, lakes and water supplies, to maintain and enhance the conservation of natural and scenic resources, to promote the conservation of soils, fish, wildlife, game and migratory birds, enhance the value of abutting and neighboring forests, wildlife preserves, natural reservations or sanctuaries or other open areas and open spaces, and to afford and enhance recreation opportunities, preserve historical sites, and implement generally the Killearn Lakes Master Plan for development.

Section 2. Pursuant to its overall program of wildlife conservation and nature study, the right is expressly reserved to the Developer, his successors or assigns, to erect wildlife feeding stations, to plant small patches of cover and food crops for quail, turkeys and other wildlife, to make access trails or paths through said Green Areas for the purpose of permitting observation and study of wildlife, hiking and riding, to erect buildings and other facilities for all types of recreation, to erect small signs throughout the Green Area designating points of particular interest and attraction, and to take such other steps as are reasonable, necessary and proper to further the aims and purposes of the Green Areas.

Section 3. The general topography of the landscape, lake frontage or streams, as well as distinctive and attractive scenic features such as rock outcrops, the natural vegetation, trees, and any and all other unusual features in the Green Areas shall be continued in their present condition, subject only to the exceptions noted herein.

Section 4. The Developer, its successors and assigns, shall have the right to protect from erosion the land described as Green Area by planting trees, plants and shrubs where and to the extent necessary or by such mechanical means as bulkheading or other means deemed expedient or necessary by said Developer. The right is likewise reserved to the Developer to take necessary steps to provide and insure adequate drainage ways, canals, and access roads in Green Areas. The Developer, its successors and assigns shall also have the right to cut fire breaks, cut and remove trees, and in general do all things necessary to carry on tree farming operations in such Green Areas, including harvesting of trees.

Section 5. The Developer reserves unto itself, its successors and assigns the right to go on, over and under the ground to erect, maintain and use electric and telephone poles, wires, cables, conduits, sewers, water mains and other suitable equipment for the conveyance and use of electricity, telephone equipment, gas, sewer, water or other public conveniences or utilities in said Green Areas. These reservations and rights expressly include the right to cut any trees, bushes or shrubbery, make any gradings of the soil, or take any other similar action reasonably necessary to provide economical and safe utility installation and to maintain reasonable standards of health, safety and appearance. The Developer further reserves the right to locate wells, pumping stations and tanks, treatment plants, and/or other facilities within such Green Areas. Such rights may be exercised by any licensee of the Company, but this reservation shall not be considered an obligation of the Company to provide or maintain any such utility or service.

Section 6. No dumping, burning, or disposal in any manner of trash, litter, garbage, sewage, woodlands, or any unsightly or offensive material shall be permitted in or upon such Green Area, except as is temporary and incidental to the bona fide improvement of the area in a manner consistent with its classification as Green Area. Section 7. No large trees of any kind measuring three (3) inches or more in diameter at a height measured three (3) feet above the natural ground elevation shall be cut or removed from any lot without the express written approval of the Architectural Control Committee unless located within ten (10) feet of the main dwelling or within ten (10) feet of the approved site for such building.

Section 8. The Developer expressly reserves to itself, its successors and assigns, every reasonable use and enjoyment of said Open Space Areas, in a manner not inconsistent with the provisions of this Declaration.

Section 9. It is expressly understood and agreed that the granting of this easement does in no way place a burden of affirmative action on the Developer, that the Developer is not bound to make any of the improvements noted herein, or extend to any Member or owner any service of any kind. The Association shall, however, have the responsibility to maintain such areas as required by governmental authorities. Prior to title being transferred from the Developer to the Association, this responsibility for maintenance shall be that of the Developer if not performed by the Association.

Section 10. Where the Developer, its successors or assigns, is permitted by these covenants to correct, repair, clean, preserve, clear out or do any action on the restricted property, entering the property and taking such action shall not be deemed a breach of these covenants.

COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Developer, for each Lot owned by him within the Properties, hereby covenants and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in any such deed or other conveyance, be deemed to covenant and agree to pay to the Association: (1) annual assessments or charges; (2) special assessments for capital improvements, such assessments to be fixed, established, and collected from time to time as hereinafter provided. The annual and special assessments, together with such interest thereon and costs of collection thereof as hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with such interest thereon and cost of collection thereof as hereinafter provided, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety, and welfare of the residents in The Properties and in particular for the improvement and maintenance of properties, services, and facilities devoted to the purpose and related to the use and enjoyment of the Common Properties and of the homes situated upon The Properties, including, but not limited to, the payment of taxes and insurance thereon and repair, replacement, and additions thereto, and for the cost of labor, equipment, materials, management and supervision thereof.

Section 3. Basis and Maximum of Annual Assessments.
 Until the year beginning January, 1975, the annual assessment shall be Thirty Dollars (\$30.00) per lot. From and after January 1, 1975, the annual assessment may be increased by vote of the Members, as hereinafter provided, for the next succeeding three (3) years, and at the end of each such period of three (3) years for each succeeding period of three (3) years. Any Member, paying the annual dues on or prior to June 1 of the year in which same become due, shall be entitled to pay only the sum of Twenty-four Dollars (\$24.00). From and after June 1 of each year, the annual dues shall be Thirty Dollars (\$30.00).

The Board of Directors of the Association may, after consideration of current maintenance costs and future needs of the Association, fix the actual assessment for any year at a lesser amount.

Section 4. Special Assessment Applicable to Lake-Front Property. Every person or entity who is a record owner of a fee or undivided fee interest in any lot which is adjacent and contiguous to any lake shall pay, in addition to the annual assessment provided in Section 3, an annual sum of \$12.00, which shall be used exclusively for the maintenance of any and all lakes, including the cost of maintaining a pumping facility and well, an adequate level of water, the cost of stocking and restocking of fish therein, and the cost of beautification of the lakes and their surrounding borders; provided, however, that at least one-half of said costs must be paid by the Association from assessments collected under Section 3 above.

The Board of Directors of the Association may decrease the assessment provided for in this section. The annual assessment may be increased up to but not exceeding \$18.00 upon the assent of two-thirds (2/3) of the Members and contributing Owners of property bordering any lake, as specified in Section 7 hereof.

Section 5. Special Assessments for Capital Improvements. In addition to the annual assessments authorized by Section 3 hereof, the Association may levy in any assessment year a special assessment, applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of a described capital improvement upon the Common Properties, including the necessary fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of Class A Members who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all Members at least thirty (30) days in advance and shall set forth the purpose of the meeting.

Section 6. Change in Basis and Maximum Amount of Annual Assessments. Subject to the limitations of Section 3 and 4 hereof, and for the periods therein specified, the Association may change the maximum amount and basis of the assessments fixed by Section 3 and 4 hereof prospectively for any such period provided that any such change shall have the assent of two-thirds of the votes irrespective of class of Members who are voting in person or by proxy, at a meeting duly called for this purpose, written notice of which shall be sent to all Members at least thirty (30) days in advance and shall set forth the purpose of the meeting, provided further that the maximum assessments permitted under Sections 3 and 4 hereof shall not be increased as an incident to a merger or consolidation in which the Association is authorized to participate under its Articles of Incorporation and under Article I, Section 2 hereof.

Section 7. Quorum for any Action Authorized Under Sections 4, 5, and 6. The quorum required for any action authorized by Sections 4, 5, and 6 hereof shall be as follows:

At the first meeting called, as provided in Sections 4, 5 and 6 hereof, the presence at the meeting of Members, or of proxies, entitled to cast sixtieth (60) percent of all the votes of the membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to the notice requirement set forth in Sections 4, 5, and 6, and the required quorum at any such subsequent meeting shall be one-half of the required quorum at the preceding meeting, provided that no such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 8. Date of Commencement of Annual Assessments. Due Dates. The annual assessments provided for herein shall commence on the date (which shall be the first day of a month) fixed by the Board of Directors of the Association to be the date of commencement. No assessment shall be due until all promised improvements have been completed by the Developer.

The first annual assessments shall be made for the balance of the calendar year and shall become due and payable on the day fixed for commencement. The assessments for any year, after the first year, shall become due and payable on the first day of April of said year.

The amount of the annual assessment which may be levied for the balance remaining in the first year of assessment shall be an amount which bears the same relationship to the annual assessment provided for in Section 3 hereof as the remaining number of months in that year bear to twelve. The same reduction in the amount of the assessment shall apply to the first assessment levied against any property which is hereafter added to the properties now subject to assessment at a time other than the beginning of any assessment period.

The due date of any special assessment under Section 5 hereof shall be fixed in the resolution authorizing such assessment.

Section 9. Duties of the Board of Directors. The Board of Directors of the Association shall fix the date of commencement, and the amount of the assessment against each Lot, for each assessment period at least thirty (30) days in advance of such date or period and shall, at that time, prepare a roster of the properties and assessments applicable thereto which shall be kept in the office of the Association and shall be open to inspection by any Owner. Written notice of the assessment thereupon shall be sent to every Owner subject thereto.

The Association shall, upon demand, furnish at any time to any Owner liable for said assessment a certificate in writing signed by an officer of the Association, setting forth whether said assessment has been paid. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

Section 10. Effect of Non-Payment of Assessment: The Personal Obligation of the Owner; The Lien; Remedies of Association. If the assessments are not paid on the date when due (being the dates specified in Section 8 hereof,) then such assessment shall become delinquent and shall, together with such interest thereon and cost of collection thereof as hereinafter provided, thereupon become a continuing lien on the property which shall bind such property in the hands of the then Owner, his heirs, devisees, personal representatives and assigns. The personal obligation of the then Owner to pay such assessment, however, shall remain his personal obligation for the statutory period and shall not pass to his successors in title unless expressly assumed by them.
